

Ligna Boardroom

The Ligna family of tables and desks brings the beauty of nature indoors. Sustainably sourced solid oak legs and E1 worksurfaces are integrated with a minimalistic black steel framework to inspire a natural look and feel in the workplace. Ideal for both individual and group spaces, the Ligna range caters to both focused and collaborative work environments.

Features

A statement piece for any boardroom.

Commercial-grade 25mm top, available in white or black melamine, with 2mm PVC edging for added protection.

Tops feature 35mm radius corners.

The 3000mm top comes in two pieces.

Ligna legs are elegant and sturdy, featuring a natural solid oak finish and reinforced by a black powdercoated connector bracket.

Boardroom table frames include black powdercoated rails for extra strength and stability.

The leg profile measures 80x40mm, offering a refined aesthetic.

Two centre leg options are available for the 3000mm boardroom table: metal or oak.

Adjustable stability: the foot height can be fine-tuned by up to 5mm for optimal balance.

Overall boardroom table height 735mm (including the top).

Fast assembly.

Optional cable trays available for a clean and organised meeting space.

Available with a 2400x1200 or 3000x1200mm top or as a frame-only option.

Please note that due to the natural characteristics of wood, the oak legs may exhibit variations in appearance.
