

# MCKINLEY CHAIRS

*Hi Back and Mid Back*

*A chair that means business*

The McKinley office chair incorporates the comfort and function of a genuine, ergonomic chair, with the aesthetics of an executive. Featuring PU leather upholstery, this office chair boasts custom moulded cushions to provide a more ergonomic seating surface profile.

With multiple adjustability points, the McKinley office chair is designed to suit you. Gas-lift height adjustability features and synchronised back rest and seat to tilt allows you secure a position that provides you with maximum ergonomic support.

Whilst sleek and exclusive in design, the McKinley maximises ergonomic function with availabilities as a hi or mid back chair. This gives you the option to receive targeted support to either your upper back, neck and shoulders or the natural curve of your spine respectively. Mounted on a heavy-duty, 5-star metal base, the McKinley office chair adds a new level of sophistication and tenacity to your office.

Seat height range:  
425mm-505mm  
Gas lift rise: 80mm  
Seat width: 505mm  
Seat depth: 510mm
